

## ENROLMENT FOR MYTRUST ID

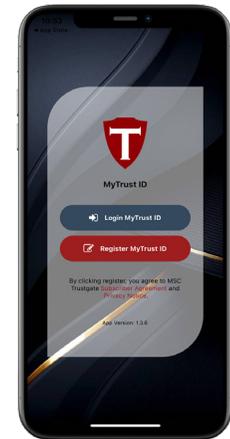

1

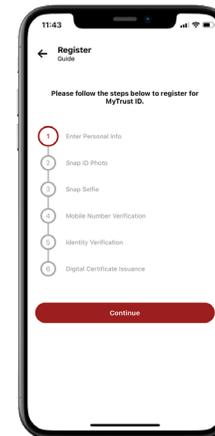

Download the mobile app from Google Play Store on Android or App Store on IOS.

2

Launch the app and select **"Register MyTrust ID"**.

3

Tap **"Continue"**.

4

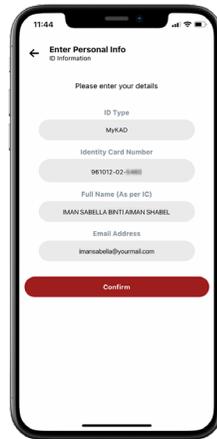

Select your type of Photo ID.

5

Complete your details such as ID number, full name (as per NRIC / Passport), and email address. Tap **"Confirm"**.

Note: Full name **MUST** match your ID name to avoid application being rejected.  
E.g. BTE ≠ BINTI, B ≠ BIN

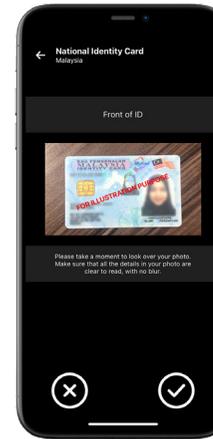

6

Take a photo of the front of your ID. Please ensure that the information on the identity document is clear and visible.

7

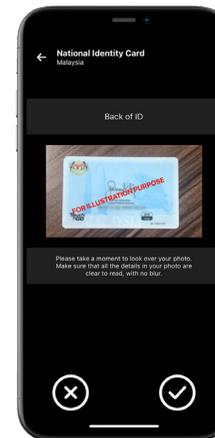

Take a moment to check your photo. Make sure that all the details in your photo are clear to read with no blurring. An unclear photo may delay the approval process. Tap "✓" to continue.

8

If your ID is NRIC, take a photo of the back of the ID as well. Please make sure that your ID fits in the box.

9

Tap "✓" to continue.

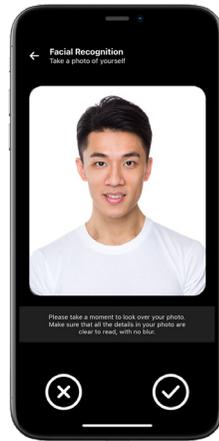

10

Take a selfie.

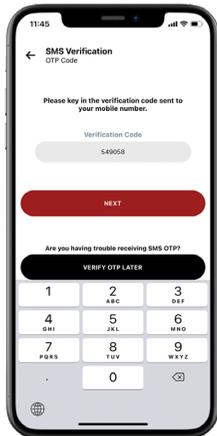

11

Tap "✔" to continue.

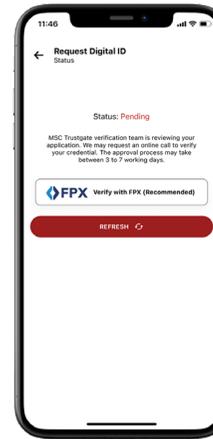

12

Key in verification code sent to your mobile number. Tap "Next".

13

For instant approval, transfer RM1 through FPX.

Note: Your online account name MUST match the application name as provided in Step 3.

Alternatively, you can proceed to submit your application for verification.

Note: Our verification team will review your documents for approval (minimum 3 working days).

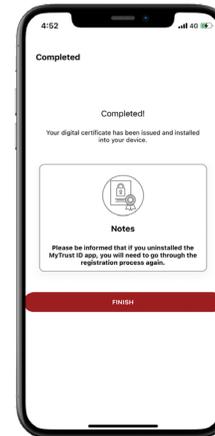

14

Upon approval, please proceed to add your MyTrust ID to the appropriate project by selecting from the project list (e.g., JPA, eCourt, etc).

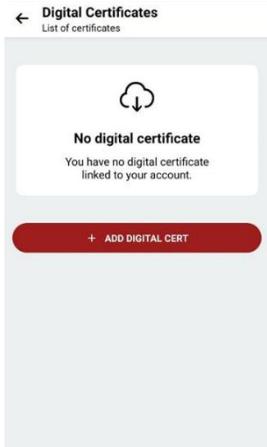

15

Your MyTrust ID has been successfully activated for the project.

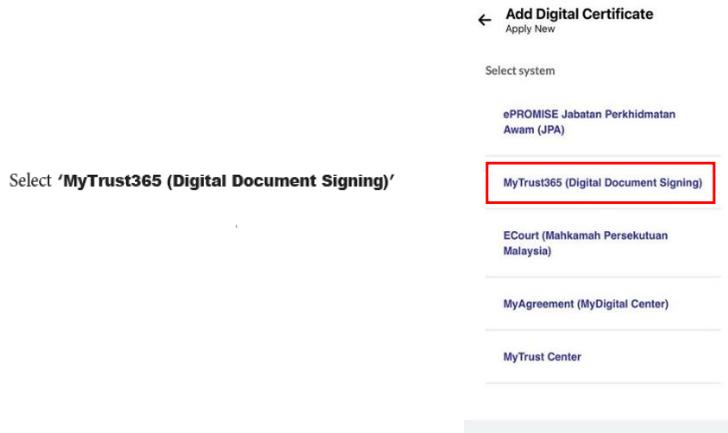

16

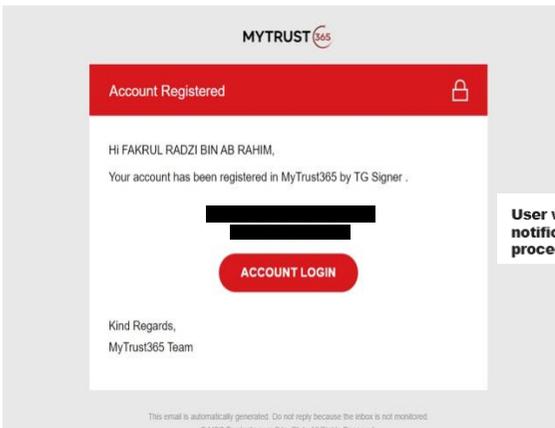

Click 'Add Digital Cert'

17

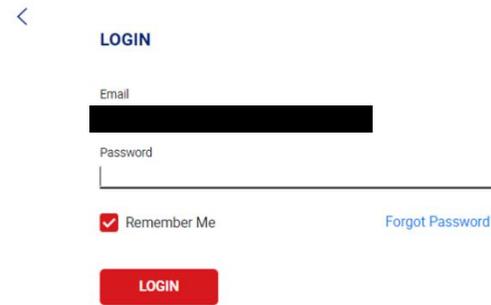

Select 'MyTrust365 (Digital Document Signing)'

18

User will receive 'Account Registered' email notification. Click "Account Login" button to proceed.

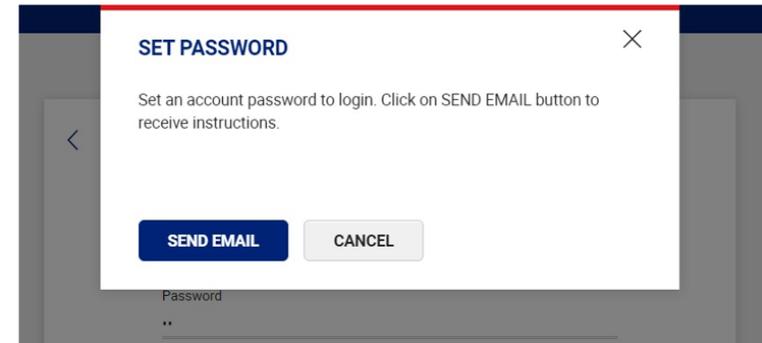

19

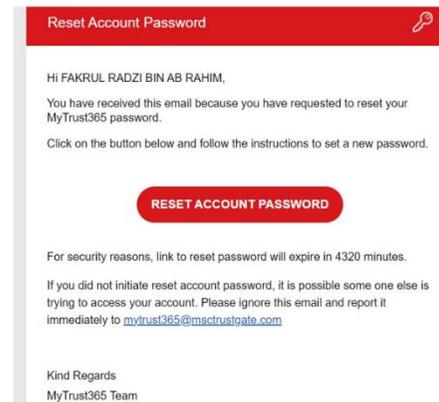

At the login page, please enter or create any password and click "Login".

20

The system will prompt user to set a password for the first-time user. Click 'Send Email'

21

After that, user will receive and email to reset password. Click 'Reset Account Password'

22

### SET PASSWORD
